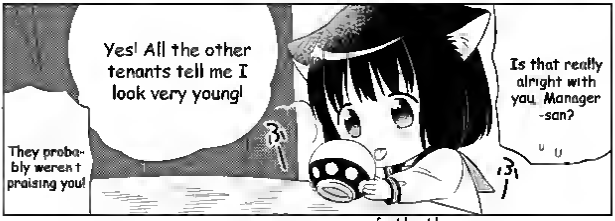
Now then! For the maid robot

It's my hobby!
I knew it!
Why are you dressed like that Manager-san?
I see
Well the truth is..

I change clothes and outfits every day !
Dressing up like a maid, or a nurse and most of all, an Anime character
But you were wearing normal clothes yesterday weren't you?



Yes! All the other tenants tell me I look very young!
Is that really alright with you, Manager-san?
They probably weren't praising you!

sfx blaw blaw

Acchan likes SM stuff!
I don't have one!
By the way, I haven't had the chance to ask. What's Kikuchi-san's favorite costume?
Ahh! So that's how it is!
I'm working as a SF novelist
It's about a Maid Robot!
That's enough!
No! Not SM, SF! SF light novels!
So stuff like bandage?
I ended up convincing her, but somehow I still feel disappointed.
Oh, I get it now! So that's why you wanted to know more about maid robots!

Translator Note: He means Science Fiction

Wawawa!
Ahhh!
That reminds me weren't you in the middle of cleaning Manager san?

It's supposed to be the gap moe appeal of a dirty maid!
You don't get it?
What are you doing...?
Mmm?

Alright Please get back to your cleaning
I want to eat curry today!
Ah!
Also,
Kikuchi san you really have to study up on moe!
I'll have to teach you more about it from now on!
I I'm fine thanks
